EFFECTIVE DATE: July 10, 2026

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. MY PLEDGE REGARDING HEALTH INFORMATION: I understand that health information about you and your health care is personal. I am committed to protecting health information about you. I create a record of the care and services you receive from me. I need this record to provide you with quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated by this mental health and acupuncture practice. This notice will tell you about the ways in which I may use and disclose health information about you. I also describe your rights to the health information I keep about you, and describe certain obligations I have regarding the use and disclosure of your health information. I am required by law to:

- Make sure that protected health information (“PHI”) that identifies you is kept private.
- Give you this notice of my legal duties and privacy practices with respect to health information.
- Follow the terms of the notice that is currently in effect.
- Notify you in the event of a breach of unsecured PHI, as required under the HIPAA/HITECH Breach Notification Rule.
- I am also required by law to provide you with adequate notice of your rights and my legal duties if I create or maintain records protected by 42 C.F.R. Part 2.
- I can change the terms of this Notice, and such changes will apply to all information I have about you. The new Notice will be available upon request, in my office, and on my website.

II. HOW I MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU: The following categories describe different ways that I use and disclose health information. For each category of uses or disclosures I will explain what I mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways I am permitted to use and disclose information will fall within one of the categories.

For Treatment Payment, or Health Care Operations: Federal privacy rules (regulations) allow health care providers who have direct treatment relationship with the patient/client to use or disclose the patient’s/client’s personal health information without the patient’s/

client's written authorization, to carry out the health care provider's own treatment, payment or health care operations. I may also disclose your PHI for the treatment activities of any health care provider. This too can be done without your written authorization. For example, if a health care provider were to consult with another health care provider about your condition, the health care providers would be permitted to use and disclose your protected health information, which is otherwise confidential, in order to assist in diagnosis and treatment of your health condition, including mental health, if applicable.

Disclosures for treatment purposes are not limited to the minimum necessary standard. Because psychotherapists, acupuncturists, and other health care providers need access to the full record and/or full and complete information in order to provide quality care. The word "treatment" includes, among other things, the coordination and management of health care providers with a third party, consultations between health care providers and referrals of a patient for health care from one health care provider to another.

Lawsuits and Disputes: If you are involved in a lawsuit, I may disclose health information in response to a court or administrative order. I may also disclose health information about your child in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested. For records protected by 42 C.F.R. Part 2, such records or testimony relaying their content shall not be used or disclosed in civil, criminal, administrative, or legislative proceedings against you unless you provide specific written consent or a court order is issued in accordance with 42 C.F.R. Part 2.

III. CERTAIN USES AND DISCLOSURES REQUIRE YOUR AUTHORIZATION:

1. **Psychotherapy Notes.** For those receiving mental health treatment, I may keep "psychotherapy notes" as that term is defined in 45 CFR § 164.501, and any use or disclosure of such notes requires your Authorization unless the use or disclosure is: a. For my use in treating you. b. For my use in training or supervising mental health practitioners to help them improve their skills in group, joint, family, or individual counseling or psychotherapy. c. For my use in defending myself in legal proceedings instituted by you. d. For use by the Secretary of Health and Human Services to investigate my compliance with HIPAA. e. Required by law and the use or disclosure is limited to the requirements of such law. f. Required by law for certain health oversight activities pertaining to the originator of the psychotherapy notes. g. Required by a coroner or medical examiner, or funeral director, who is performing duties authorized by law. h. Required to help avert a serious threat to the health and safety of others.

I will respond to your request for an accounting of disclosures within 60 days of receiving your request. The list I will give you will include disclosures made in the last six years unless you request a shorter time. I will provide the list to you at no charge, but if you make more than one request in the same year, I will charge you a reasonable cost-based fee for each additional request.
